Subject: Plan 10 submission
Date: Wednesday, 27 April 2016 7:14:39 p.m.

Dear Sir/ Madan I tried to send this form outlook on my pc before 4 pm but there is some problem and i have been tiring to fix it since with no luck so I am trying to send this from Yahoo mail instead. I hope you can please accept this submission as it was originally sent on time but that failed.

I am an individual submitter and wish to be heard as an individual in person.
Name Paul Barton 121 Te Manu Rd R D 2 Rotorua
Phone 0274393910 etc see below.

I have lived at this address for 30 years
I own 4.5 ha of land and am putting this submission in on behalf of all land owners and sensible future planning and condition for the region.

I wish to be heard in support of this submission
ISSUES

Currently the rules and condition are defective and inappropriate because

1. The science on Lake Rotorua and the Nitrogen and Phosphorus budgets and extrapolation of them is not sound and associated N and P loading to maintain water Quality are there for not sound.
2. To condition farmers on stocking based upon stocking units for nitrogen is non sustainable as blue green algae will fix nitrogen with the background levels of Phosphorus if nitrogen level fall in incoming water.
3. The conditions should be Phosphorus limiting and soil management based not stocking or Nitrogen based.
4. As catfish are now in Lake Rotoiti and will for sure get into Rotorua and scientists tell us such fish would significantly degrade water quality the current water quality goals are not achievable and are not going to be influenced by farming practices as much as cat fish activities over the long term.

Your sincerely

Subject: RE: Plan 10 submission
Date: Wednesday, 4 May 2016 4:20:00 p.m.

Good afternoon Paul. Thank you for your email.

This is to confirm that the Bay of Plenty Regional Council received your submission on Proposed Plan Change 10 on 27 April. Your submission was received after the closing date of the submission period (4.00pm, 27 April 2016), however the Water Policy Manager, under delegated authority, has decided to accept your submission pursuant to section 37A(1) of the Resource Management Act. It has been noted that you wish to be heard in support of your submission.

Under Clause 7(1) of Schedule 1 of the Resource Management Act 1991, staff will prepare a summary of all submissions and publicly notify its availability. A copy of the public notice will be sent to you. Any person (including you) will then have the opportunity to make a further submission in support of, or in opposition to, any of the original submissions.

If any change is required to your contact details, please let me know.

Regards
Sue
