**PROPOSED PLAN CHANGE 10 – SUBMISSION
WAITETI FARMS LTD / WAITETI WHENUA TRUST**

We wish to be heard in support of this submission.

1. Introduction – Submitter and Address for Service

Waiteti Farms Ltd / Waiteti Whenua Trust
c/- Hera Naera, 32 Tarewa Road, Kuirau, Rotorua

2. Background

Waiteti operates dairy and drystock operations in the Lake Rotorua catchment, in association with other landowners. Currently, the operation represents an estimated 7,000 beneficiaries.

3. Issue:

Serious disadvantage to the future of Waiteti, associated landowners and beneficiaries in many different ways, unnecessarily.

Examples:

LRP6 – Nutrient Discharge Allowances – This is too complex for the average owner to understand. We already have benchmarks and can demonstrate plans for nutrient reduction. Why did the wheel have to be reinvented?

Effective Area – The plan is proposed to regulate only effective areas however the lands are whole systems where farming is one part that is required to meet more than just an economic outcome.

4. Other Comments

Waiteti expresses general support for submissions by Federated Farmers and the Lake Rotorua Primary Producers Collective.
