**SUBMISSION POINTS:**

Page No	Reference (e.g. Policy, Rule, Method or Objective number)	Support/Oppose	Decision Sought <b>Say what changes to the plan you would like</b>	Give Reasons
Page 11	AQR16	Support - with additional condition	I would like to see an additional condition outlined to control 'Forced Air Drying of Spraypainted Products' included under rule AQR16.	Currently, the air quality I live and work in is greatly compromised as a result of the smell and toxins emitted from forced air drying of spraypainted products by our neighbour Pukepine Sawmill. I support Rule AQR16 with my suggested addition because I believe it will protect and improve the quality of life for my family, employees, neighbourhood, our community and myself.
Page 12	AQR18	Support	I strongly support ARQ18 (e)	Poor Air quality as a result of noxious and offensive odours discharging from Pukepine Sawmill beyond their boundary current impacts my quality of life. I strongly support rule ARQ18 and believe the quality of life for my family, employees, neighbourhood, our community and myself could be greatly improved as a result of its implementation.
