SUBMISSION POINTS:

Page No	Reference (e.g. Policy, Rule, Method or Objective number)	Support/Oppose	Decision Sought Say what changes to the plan you would like	Give Reasons
7	Agrichemical Spraying	Request extension	Neighbour notification rules need to be more specific and require an actual spray date. There should also be a requirement for spray notifications to be accurate and reasonable to allow neighbour quiet enjoyment.	Neighbour repeatedly advises up to a 10 day window 6am-8pm, per spray. The result can be months of continual spray caution. This is totally unreasonable and significantly affects a neighbour's ability to live and function safely.
