

FOR COUNCIL MEETING

- 1. Petitions With Mike**
Althorp Village – (approx 213 residential units)
Havenbrook Village
Orange Grove Village
Not lodged yet – Cotswold Court Village
- 2. Residents in these Villages either don't drive, have had to give up driving due to age, illness or injury. Others would welcome the opportunity to ride the bus in preference to heavy traffic congestion, and difficulties with parking at The Lakes Complex.**
- 3. Others:**
Residential houses on Pyes Pa Road, and also from bottom of Kennedy road to The Lakes Shopping Complex.
Large development under construction at corner of Pyes Pa Road and Cheyne Road (approx. 40+ residential houses), and I believe another further up Pyes Pa Road.

4. Request:

That consideration be given to a re-direction, or new service to transport persons from Pyes Pa Road to The Lake Shopping Complex (which has already become a major one stop shopping hub). These suggestions would also prevent all of these above mentioned locations from contributing to major traffic congestion on Pyes Pa Road and Barks Corner Roundabout, which is already heavily congested.

5. Suggestions:

- (a) that the C.T. Bay Bus leaves Greerton, and instead of going to the Lakes via Barks Corner, that it crosses over Barks Corner, proceeds along Pyes Pa Road, and uses Kennedy Road to access The Lakes Shopping Complex, returning the same route in reverse to Greerton (which would avoid the congestion at the Lakes roundabout leading back up to Barks Corner).**
- (b) We realize that suggestion (a) is dependent upon Kennedy Road being suitable for bus traffic inwards and outwards. Therefore suggestion (b) involves the CT bus going up Pyes Pa to Legacy Funerals turning round heading back to Barks Corner Roundabout down to theLakes Complex, and the reverse on return journey.**
- (c) That a new service be provided to run from Greerton up to Legacy Funerals, back to Barks Corner, and to The Lakes. Leaving the Lakes, up to Barks Corner, round to Pyes Pa Road, up to Legacy, returning via Barks Corner Roundabout to Greerton.**
