

Bay of Plenty Regional Council

Western Bay of Plenty General Constituency

Electing 2 Regional Councillors

Norm BRUNING

Independent

My principal place of residence is in the Western Bay of Plenty General Constituency area.

I am a current Regional Councillor, having served and represented you for six years. People and the environment come first. Pressures on our environment through population growth have to be carefully managed through planning and infrastructure to enable our communities to thrive. As a farmer I understand the value of the rural economy and the pressures we face to mitigate the effects on land and water. Our urban communities also have pressures to mitigate the cumulative effect of population growth.

I am positive about our economic future and lifestyle with many more families moving into the area. I appreciate the communities of volunteers who work tirelessly for the environment in our bush, streams, catchments, estuaries and coastal protection.

Council needs to be an enabler to achieve a sustainable future for our people living, working and enjoying our beautiful district. I stand committed to our region and seek your support.
