

Bay of Plenty Regional Council

Rotorua General Constituency

Electing 2 Regional Councillors

Katie Priscilla PAUL

Living and Working for Rotorua

My principal place of residence is in the Rotorua General Constituency area.

People tell me they don't know what the Regional Council does or who their Councillor is? If you want someone that is visible and living locally on your Regional Council; a strong rural

woman's voice; someone who will bring flair and personality and fresh ideas to the table. If you want a woman who is pro-business with governance and legal experience; someone who is grassroots; who is not afraid to speak up on issues that matter and is passionate about the environment and building a connected community. If you can identify with a mother of two boys who wants to ensure the Rotorua region gives them a vibrant, thriving home for the future. If you want a young, smart, fearless and principled Councillor. Someone who values perseverance [last election I got 4,587 votes so I'm giving it another go]. Then I ask you to vote for Katie Priscilla Paul.
