15 years I've served you in Council, thank you, I fight in council for all Iwi of the Eastern Bay. Wai Maori, (fresh water), our rivers being polluted by Industries, Farmers, Councils, sewerage systems outdated, going out into the Moana, not coupling with new subdivisions, Farmers, still polluting our rivers, climate change is here, to make changes, they must change the way they think. Big dam companies on the Rangitaiki must reinvest some profit in our district, it goes elsewhere. Bottling companies getting away with murder, our water, for free, it's not right.
