**Re: AFFCO Rangiuru Consent Application - Presentation to the Kaituna River Authority**

We had a successful meeting with Te Maru o Kaituna River Authority on 29 May 2020 in which a number of matters were raised by attendees and discussed.

We would like to advise the Consent Authority that we are looking to provide a more detailed response to the Kaituna River Authority on several of these matters as soon as possible, and we will forward our response to BoPRC once it is ready.

In the meantime, we request the Consent Authority continues to process the application and progress the public notification process, as requested by AFFCO via email on 21 May 2020.

Should you require clarification please get back in touch.

Regards,

**Luke Gowing**
