Attention: Todd Whittaker  
Director – Planning Works

**Re: Submission of information requested under Section 92 of the RMA in relation to AFFCO New Zealand Ltd's application to discharge treated wastewater to the Kaituna River from a meat processing facility in Rangiuru**

Argo Environmental Ltd (ARGO) are pleased to submit the following information to the Bay of Plenty Regional Council (BoPRC) on behalf of AFFCO New Zealand Ltd (AFFCO), as requested under Section 92 of the *Resource Management Act 1991* (RMA) for the application to replace various resource consents associated with the operation of AFFCO's meat processing facility in Rangiuru (Consent No. 24932, 63344 and 60574).

The following environmental, ecological and social reports are provided, which were commissioned by AFFCO since lodgement of the application and AEE in February 2017:

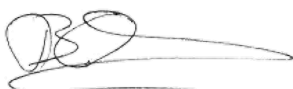

- **Pathogen Survey Report**
- **Kaituna River Fish Survey Report**
- **Kaituna River Dilution Survey**
- **Macroinvertebrate Monitoring Survey 2018 to 2019**
- **Consultation Addendum**

In addition, the following report is also provided related to the application to replace Consent No. 24925 which was lodged in December 2019, which we understand BoPRC intends to process concurrently with the above application:

- **Stormwater Monitoring Survey**

Should you have any questions or require clarification about any of the above information or documents, please contact either Luke Gowing on [lgowing@argoenv.com](mailto:lgowing@argoenv.com) and 021 323 310, or myself on [dgulliver@argoenv.com](mailto:dgulliver@argoenv.com) and +64 (0)21 944 149.

Yours sincerely,

**Daniel Gulliver**

Principal Environmental Consultant  
Argo Environmental Limited
