### **Nature of Application**

Addiction Foods NZ Ltd (the applicant) has applied to discharge contaminants, being odour, to air from an industrial pet food operation at 240 Jellicoe Street, Te Puke. The applicant manufactures dry pet food and has done so at this site since 2007. Currently production operates between the hours of 4 pm until 8 am, but in some instances it is run 24 hours a day to meet demand.

The introduction of Plan Change 13 (PC13) means a consent is required for this activity (pet food manufacture by the application of heat) under Rule AQ 21(r). Therefore the applicant was required to apply for resource consent within 6 months of PC13 taking legal effect (in this case when it was notified) as per Section 20A of the Resource Management Act 1991 (RMA).
