Submitted via email: rps@boprc.govt.nz

Dear Fiona

Further Submission on Proposed Change 5 (Kaituna River) to the Bay of Plenty Regional Policy Statement

Please find Tauranga City Council's further submission on Proposed Change 5 (Kaituna River) to the Bay of Plenty Regional Policy Statement, which is attached.

We will be pleased to discuss the matters raised in our submission, or to provide additional information and evidence if this would be useful. Please direct any enquiries to:

Andrew Mead
Manager: City & Infrastructure Planning
P: 027 763 5762
E: andrew.mead@tauranga.govt.nz

We also wish to speak in support of our further submission.

We can confirm that notice of this further submission, has been served on all relevant submitters

We look forward to receiving further advice about the next steps for the future hearing of submissions.

Yours faithfully

A handwritten signature in black ink, appearing to read "Christine Jones".

Christine Jones
General Manager – Strategy and Growth
Tauranga City Council

By taking part in this public submission process, submitters agree to any personal information (including names and contact details) in their submission being made available to the public and published on our website, and for the information collected to be held in accordance with our Privacy Statement available at www.boprc.govt.nz.

Contact person: Andrew Mead, Manager: City and Infrastructure Planning

Note: A copy of your submission must be served on the original submitter within 5 working days after making this further submission

FURTHER SUBMISSION POINTS:

Submission Number <i>[Submission number of original submission as shown in the "Summary of Decisions Requested" report]</i>	Submitter Name <i>[Please state the name and address of the person or organisation making the original submission as shown in the "Summary of Decisions Requested" report]</i>	Section Reference <i>[Clearly indicate which parts of the original submission you support or oppose, together with any relevant provisions of the proposed plan change]</i>	Support/Oppose	Reasons <i>[State in Summary the nature of your submission, giving clear reasons]</i>
2.5	Western Bay of Plenty District Council	3.2 Methods to implement policy	Support in part	TCC support the position Western Bay has taken, that Council's procurement decisions are not a Resource Management Act issue and that this would be better achieved through individual Councils' procurement strategies and decisions.
14.20	Western Bay of Plenty District Council	4.2 Objectives anticipated environmental results and indicators	Support in part	TCC support the use of better tools for land use regional and sub-regional spatial planning
14.24	Royal Forest and Bird Protection Society NZ (Forest & Bird)	3.2 Methods to implement policies Method KR3	Oppose in part	TCC opposes the changes to implementation responsibility. Whilst the intent is appreciated, the level of detail suggested is unnecessary and inconsistent with other methods.

Submissions contain personal information within the meaning of the Privacy Act 2020. By taking part in this public submission process, submitters agree to any personal information (including names and contact details) in their submission being made available to the public and published on our website, and for the information collected to be held in accordance with our Privacy Statement available at www.boprc.govt.nz.

14.5	Royal Forest and Bird Protection Society NZ (Forest & Bird)	2.12 <i>Treaty co-governance</i> 2.14 <i>Issue 4</i>	Oppose in part	TCC opposes changing 'Waterbody modification' to 'drainage scheme'. It is felt that while this is correct in the majority of instances, it unnecessarily narrows the scope of this issue. Waterbody modification may occur for several reasons beyond those of drainage schemes including ad hoc land drainage outside of formal schemes, changes to the extent of wetlands, and other civil engineering projects.
