

Bay of Plenty Regional Council
Tauranga General Constituency
Electing 5 Regional Councillors

David LOVE

My principal place of residence is in the Tauranga General Constituency area.

I moved to Tauranga in 2003 following successful high level overseas careers. A founder member of Classic Flyers, I remain Chairman today. As a Councillor, I chair Civil Defence for the Bay of Plenty and am Chairman for Risk and Assurance. Taking a leading role in the control of expenditure, I constantly remind Councillors that it is not our money but overburdened ratepayers we are spending. I will continue my efforts to reduce this burden.

In re-standing this year, I remain passionate about regional economic development and Council's critical role in protecting and enhancing our natural environment for current and future generations. Equally important is preserving the unique environment of the Bay of Plenty which makes this such a great place to live, work, play and to retire.

To use the nine years' experience I have gained, I look forward to serving you again for another three years.
