

Bay of Plenty Regional Council
Tauranga General Constituency
Electing 5 Regional Councillors

Murray GUY

Tauranga City Democracy

My principal place of residence is in the Tauranga General Constituency area.

Passionate (obsessed) integrity based, inclusive, transparent democracy with 25 years involvement, oversight in, of Tauranga City. 12 years City Councillor (2001-2013). Business

background, tourism, development. I'm, like many, acutely concerned about the erosion of meaningful democracy, nowhere more so than in our region. It's very apparent we've selected individuals, groupings, totally self and/or political party, interest group focused, manipulating processes, outcomes at the cost of public assets (3 Waters) and rates, those who seek to enhance their personal wealth, ego fulfilment (museum, stadium, etc) before basic critical infrastructure, with an eye on the BOPRC assets (eg: the Port income). Very important we choose representatives who will put self-interest, bias, influences aside, who will, with an unwavering passion, strive to achieve best community and environmental outcomes. For representation that will apply due diligence, who will not adopt a sheep-like mentality, vote Murray Guy.
