

Bay of Plenty Regional Council
Tauranga General Constituency
Electing 5 Regional Councillors

Ron SCOTT

My principal place of residence is in the Tauranga General Constituency area.

Ron Scott JP, CMInstD, MNZATD

I stand for protecting our harbour and rivers, better roads and transport, and a positive economic environment. We need to cut pollution

while ensuring that we can afford our wonderful lifestyle by supporting sustainable economic growth in the region.

I'm a director of the Royal Foundation of the Blind, and Chair of SILC, a disability service provider, so I advocate for improved and safer access to our beaches, parks and streets for those with limited mobility because of age or disability.

As a past DHB Deputy Chair I stand for a healthy environment - clean air and unpolluted water. We must have local control over local assets: The 3 Waters law is wrong.

As an economist I also understand the need to treat your financial resources as carefully as the natural resources.

Above all I stand for common sense and teamwork. Please vote: Ron Scott.
