

Bay of Plenty Regional Council
Tauranga General Constituency
Electing 5 Regional Councillors

Stephen WHEELER

My principal place of residence is in the Tauranga General Constituency area.

Tauranga is bursting with great scenic beauty and potential which I am committed to protecting by providing great service, practical infrastructure, better business, good governance, and to working hard, protecting and advancing our region's future, ensuring that essential services meet the needs of this and future generations, by connecting with local communities, local organisations, and businesses.

Strategic direction that represents the people's interests is my goal, as well as providing community leadership. I will continue to build relationships with Iwi/Maori organisations and ensure public services are coordinated and affordable to meet community needs through corporate governance.

I have lived in this region for over 30 years with the added benefit of extensive business and local government experience and personal success as a self-employed accountant.

You can be assured that I have our community at heart and will bring honesty, enthusiasm and commitment, with a fresh approach to regional council.
