

# Bay of Plenty Regional Council Tauranga General Constituency Electing 5 Regional Councillors

---

## **Jason NICHOLLS-FAITELE**

Independent

My principal place of residence is in the Tauranga General Constituency area.

We need more common sense in public service. Too often public service has seen career politicians making choices that don't represent the hard-working men and women of this

country. Democracy is essential to the quality of life for New Zealanders and BOP residents.

As such I have decided to run in this year's local elections.

Local industries and businesses need council support, they are the bedrock of a prosperous community. A balanced approach to environmental protection while supporting production and growth is vital.

As a property and business owner in Tauranga, I believe BOP is one of the most beautiful regions in our country. It deserves to be prosperous and protected.

A man of faith and tolerance, husband, father of four, builder and entrepreneur. I have common sense, analytical skills, compassion, integrity and connection with our community that is essential to represent the Bay of Plenty and our people.
