

Bay of Plenty Regional Council
Tauranga General Constituency
Electing 5 Regional Councillors

Murray WHITE

My principal place of residence is in the Tauranga General Constituency area.

As someone with a keen eye on the ground, meeting the needs of our most vulnerable is something that has become increasingly vital to me, as the situation in our city deteriorates.

The focus I would put on achieving equitable outcomes goes beyond my personal views on morality. We must be able to promote Tauranga as an enjoyable, accessible and safe place to both raise a family and to holiday. To achieve this, we must be adequately resourced.

I would like to see our unique amenities available for all to enjoy and for people to be treated as equals. For this reason, I would strongly campaign against the adoption of Three Waters or any policy that undermines basic democratic principles. We need a common sense, no-nonsense approach to local governance in order to progress. If elected, this is something I will certainly bring.
