

Bay of Plenty Regional Council
Eastern Bay of Plenty General Constituency
Electing 2 Regional Councillors

Mawera KARETAI

My principal place of residence is in the Eastern Bay of Plenty General Constituency area.

Dr Mawera Karetai - thirty years in service to environment, business, and community.

I am standing for BOPRC to be a champion for our community, and to ensure that decisions made for all of us are made with our future needs as the primary consideration.

Climate change is the biggest threat to the future of our EBOP community. Whether you believe it's manmade, and/or part of a natural cycle, the opinion of scientists is that changes are happening faster than predicted. Changes to sea levels and weather patterns will determine where and how we live.

My Doctorate (Psychology), Masters (Environmental Studies), Bachelors (Applied Management), and experience enable me with a useful skillset to serve you on Council.

In my governance work I have a reputation for being a problem solver. I use my skills as an educator to build strong relationships. I am motivated by things being fair for everyone.
