Application for resource consent

- Resource Management Act 1991 (section 88)

Application number:	
Date and time received:	

2A Land disturbing activities (earthworks and quarrying)

We recommend you discuss your application with a Consents Planner before you apply. The first hour is free and will save you time and money in the long run. After the first hour, we will charge you for the service. We'll let you know before we start charging.

Call the Consents Duty Planner on 0800 884 880 with consents questions. For more information email consents.queries@boprc.govt.nz or visit www.boprc.govt.nz

See Notes to Applicant (last pages of form) before filling in this application form.

Land disturbing activities are subject to rules in the **Regional Natural Resources Plan**, which is on our website: http://www.boprc.govt.nz/knowledge-centre/plans/.

 $\mbox{\bf Rule/s}$ of Regional Natural Resources Plan that apply to the activity:

	e i regional rialara recourses i lan mat apply to me act			
Activ	rity status of your consent application:			
\boxtimes	Controlled			
	Restricted discretionary			
	Discretionary			
National Environmental Standard for Freshwater:				
Is the	e proposed activity within 100m of a wetland?			
	Yes			
\boxtimes	No			

I apply for resource consent(s) under section 88 of the Resource Management Act 1991 (RMA). PART 1 1 **Applicant/s name** (name/s to be on the consent) Surname: First names: OR Trust & trustee names (if application on behalf of a trust) Trust name: Trustees' names: Trustees' contact details: OR Company name: Takarangi Farm Limited Contact person: Henry Whyte NZ Companies Register number: 2 **Consultant details** (or other person authorised to apply on behalf of applicant) Company name: Maven Bop Contact person: Jack Mills Postal address: 116 Cameron Road, Tauranga, 3110 Telephone (select preferred contact number) ☐ Business 027 846 5011 ☐ Cell **Email** jackm@maven.co.nz Send all **correspondence** relating to this application(s), including **invoices**, to:

Purchase Order Number for invoices (if required):

Send correspondence and invoices once consent is granted, to:

3	District and consent term						
	(a)	District the activity is located in:					
			Whakatāne District		Ōpōtiki District		
			Rotorua District		Kawerau District		
		\boxtimes	Western Bay of Plenty District		Tauranga District		
			Taupō District				
	(b)	App	lication to replace an existing or e	xpired	consent(s):	□ Yes	⊠ No
		If ye	es, consent number(s):				
	(c)	Con	sent duration sought:				
		5 ye	ears months				
		Star	t date:				
		Con	npletion date (if applicable):				
	(d)	Res	ource consent(s) also required fror	n a dis	trict council:	□ Yes	⊠ No
		Тур	e of consent required:				
		Has	it been applied for?			□ Yes	□ No
		Has	it been granted? (If yes, please att	tach)		☐ Yes	□ No
4	Act	ivity	location/s				
	Site	addre	ess/es: 37 Shearer Road				
	Legal description/s (from Certificate of Title, valuation notice or rate demand):						
	Sect	Section 11 Block V Maketu SD					
	Мар	refer	ence/s NZTM:				
PA	RT 2	1					
1	Des	scrip	tion of activity				
	(a)	Nati	ure of activity (e.g. urban subdivis	ion, far	m re-contouring):		
		Con	touring for road				

If you	If you are working in a stream, river or wetland, fill in consent application Form 1B.					
(b)	Area of earthworks	m^2	Stage(s)	m² per staç	ge	
				m² per staç	ge	
(c)	Volume of earthworks	cut m ³	Stage(s)	cut m³ per	stage	
		fill m³	Stage(s)	fill m ³ per s	tage	
(d)	Movement of material off or on s	site:		□ Yes	□ No	
	Material coming from:					
	Material going to:					
(e)	Winter earthworks:			□ Yes	□ No	
	Winter earthworks period is 1 May	y to 15 S	September.			
(f)	Site is potentially contaminated :			□ Yes	□ No	
	See National Environmental Standard for Contaminated Land for guidance.					
(g)) Flocculants will be used to treat water in Sediment Retention Ponds					
,,,,	and / or Decanting Earth Bunds:			☐ Yes	□ No	
(h)	Chemical dust suppressants will be	e used	onsite:	□ Yes	□ No	

2 Schedule of works

Estimated **timing** of each stage of the earthworks, including installation/removal of erosion and sediment controls:

Stage	Description (Site preparation, erosion and sediment control installation, topsoil clearance, etc.)	Expected start date	Expected completion date
1			
2			
3			
4			
5			
6			
7			
8			
9			

10		

3 Site information

Dom	ninant slope:	Refer to AEE
	th to water table <i>(from ground level)</i> :	
-	ting vegetation type:	
	ting land use <i>(your property)</i> :	
	rious land use (your property):	
	orical land use <i>(up to 50 years)</i> :	
Neig	hbouring land use(s):	
_	type and geology:	
	cribe features on your site:	
(a)	Streams/drains (including permanently and in	termittently flowing):
(b)	Wetland:	
(c)	Identified archaeological and proximity to site	:
(d)	Identified sites of cultural significance and pro	eximity to site:
(e)	Neighbouring infrastructure: roads, power line	es, railway lines:
(f)	Protected natural areas or sites of ecological	importance:
(g)	Ocean/harbour:	

4 Site plan

Provide detailed, scaled and contoured site plans showing the site and surrounding area, including:

(a) Plan of the existing site:

- Surface features (e.g. streams, wetlands).
- The name(s) of the current owner(s) and occupiers of the site and adjoining properties.
- Drainage patterns.

(b) Proposed **final site plan** (post-development):

- Finished contour (heights), including ground levels in relation to neighbouring properties.
- Drainage patterns.

(c) Proposed **development plan**(s):

- Area of proposed activity.
- Areas of cut.
- Areas of fill.
- Stockpile area (e.g. topsoil and fill).

(d) **Erosion and sediment control plan** for each stage:

- Location and types of erosion and sediment controls, including types of controls (e.g. sediment ponds, bunds, silt fences).
- Control design details (including cross section).
- Clean water diversions and internal contour drains.
- Discharge locations.

(e) Winter earthworks plan (if winter earthworks applied for):

- Winter earthworks areas of the site, including stabilised and exposed catchment areas.
- Location and types of erosion and sediment controls.
- Control design details (including cross sections).
- Clean water diversions and internal contour drains.
- Discharge locations.

You can use our mapping system (<u>www.boprc.govt.nz</u> keywords 'regional mapping'). The maps include property boundary and contour layers. You can search by property, view and print topographic maps and aerial photographs.

5 Erosion and sediment controls

(a) Provide **supporting calculations** for your proposed erosion and sediment control(s), including for winter earthworks controls. *Refer to the Erosion and Sediment Control Guidelines on our website:* https://www.boprc.govt.nz/earthworks/#controls

Control type		
Catchment e.g. area, slop, length,		

percentage of catchment.		
Capacity of control e.g. control dimensions.		
Outlet location(s) and details e.g. number of decants, spillway width/depths.		
Erosion protection e.g. inlet/outlet.		

(b) Surface stabilisation method at the completion of works, and sequence/timing:

Refer to AEE

(c) Treatment chemicals:

☐ Yes ☐ No

If yes, provide a **chemical treatment plan**, detailing:

- Bench testing (sediment settlement) results, including determination of appropriate chemical, and the application rate.
- Methods of application, including supporting calculations.
- Treated water discharge locations.
- Expected discharge parameters and limits.
- Contingency management.
- Record keeping details.
- Storage details.
- Expectant discharge parameters and limits.

6 **Dust control**

- **How water will be applied** (e.g. how sprinklers and/or water cart systems will be used, their capacities and hours of operation, the source of water, and the source capacity and availability). Provide **confirmation of your water source**.
- Binding agents/dust suppressants for use in the water carts or sprinkler systems. If
 using dust inhibitors, provide details (eg Material Safety Data Sheet, duration of use,
 distance to water body or drain, storage location, Spill Management Plan including onsite
 equipment).
- Restriction on total **exposed area** (e.g. staging).
- **Signs** displaying a 24-hour contact telephone number for the site contractor for dust and other complaints. This does not replace the pollution hotline service, but should provide a further incentive for the site supervisor to maintain adequate dust control.
- The use of wind-break fencing in problem areas.
- Covering exposed areas with temporary windshield cloth or geotextile fabrics.

Other options if dust management is unsuccessful.

(a) Dust control measures:

[Continue on a separate page if necessary]

(b) Measures to prevent tracking of dust and sediment by vehicle movement off the work site (e.g. stabilised site entrance, etc.):

7 Risk assessment

Earthworks risk assessment:

Factor	Effect	Severity	Likelihood	Significance	Measures to avoid, remedy, mitigate
		Low Very severe	Low High	Low High	
		1 2 3 4 5	1 2 3 4 5	1 2 3 4 5	
		Please circle	Please circle	Please circle	
		Low Very severe	Low High	Low High	
		1 2 3 4 5	1 2 3 4 5	1 2 3 4 5	
		Please circle	Please circle	Please circle	
		Low Very severe	Low High	Low High	
		1 2 3 4 5	1 2 3 4 5	1 2 3 4 5	
		Please circle	Please circle	Please circle	
		Low Very severe	Low High	Low High	
		1 2 3 4 5	1 2 3 4 5	1 2 3 4 5	
		Please circle	Please circle	Please circle

		1 2 3 4 5	1 2 3 4 5	1 2 3 4 5	
		Please circle	Please circle	Please circle	

Contaminated site assessment		
Has any site on the property ever been an orchard, market garden or commercial greenhouses growing any type of fruit or vegetable crop?	□ Yes	□ No
If yes, describe the crop type(s), period of time of use and a full list of any chorganic sprays used during the orcharding period.	nemical o	r
Was the property in agricultural land use over the last 50 years?	□ Yes	□ No
If yes, describe the stock type(s) and period of time (e.g. Dairy 1946-2010). was livestock dipping or spray races on the site, and the types of agrichemic used on the land.		

8

HAIL site assessment The HAIL is the current edition of the Hazardous Activities and Industries List, as held by the Ministry for the Environment. Is an activity described on the HAIL currently being undertaken on the ☐ Yes piece of land to which this application applies? ⊠ No Has an activity described on the HAIL ever been undertaken on the piece of land to which this application applies? ☐ Yes \bowtie No Is it more likely than not that an activity described on the HAIL is being or has been undertaken on the piece of land to which this application applies? ☐ Yes ⊠ No If YES, to any of the above, then the National Environmental Standard for Assessing and Managing Contaminants in Soil to Protect Human Health may apply. Check the five activities to which the NES applies: Is the activity you propose to undertake removing or replacing a fuel storage system or parts of it? ☐ Yes □ No Is the activity you propose to undertake sampling soil? ☐ Yes □ No □ No Is the activity you propose to undertake disturbing soil? ☐ Yes □ No Is the activity you propose to undertake subdividing land? ☐ Yes Is the activity you propose to undertake changing the use of the land? ☐ Yes □ No

If also YES to any of the above activities, then the NES for Assessing and Managing Contaminants in Soil to Protect Human Health is likely to apply.

9 Cultural effects assessment

The Regional Policy Statement is clear that only tangata whenua can identify their relationship with an area. It is good practice to consult with tangata whenua about your application so that you can provide an accurate assessment of cultural effects.

We can provide a list of iwi and hapū with an interest in the site. Iwi and hapū management plans are on our website www.boprc.govt.nz (key words 'iwi management plans'). We can provide details about identified archaeological sites and Statutory Acknowledgements.

Contact the Consents Duty Planner on 0800 884 880 for more information.

Provide an assessment of cultural effects associated with the proposal:

Please refer to the AEE.

[Continue as necessary]

10 Assessment against relevant objectives & policies of the relevant plan/s

Provide an assessment of the proposal against the relevant objectives and policies of the Regional Natural Resources Plan, on our website: http://www.boprc.govt.nz/knowledge-centre/plans/.

Also consider the National Policy Statement for Freshwater Management if the proposed activity has any effect on a wetland or is within 100m of a wetland. Refer to the Ministry for the Environment website https://www.mfe.govt.nz/rma/rma-legislative-tools/national-policy-statements

[Continue as necessary]

11 Affected persons

For your application to be considered for **non-notification** you must gain written approval from all persons who may be affected by the proposal. We can help you identify people/organisations likely to be affected. Affected persons may include neighbouring land owners and occupiers, organisations such as the Department of Conservation, Land Information New Zealand (LINZ), Eastern Region Fish and Game Council, iwi, hapū and/or community groups.

The form 'Affected Person's Written Approval' can be filled out by the affected party and attached to this application. It is on our website: www.boprc.govt.nz keywords 'resource consent forms'.

Provide details of persons who may be affected by your proposal. If you have discussed your proposal with any of these persons, record their comments and your response, and submit with your application:

12 Extending timeframes

The RMA specifies timeframes for processing resource consent applications. Timeframes can be extended with the applicant's agreement.

	May we extend the consent processing timeframe?					
		Yes, if I can use my existing consent until this application is processed (renewal only).				
		Yes, if it is to discuss and try to agree on consent conditions.				
		Yes, if the application process is completed before				
		No.				
13	Deposit					
	remonlir	2,700 deposit (including GST) is required with this application. If the application is <u>only</u> for ediating contaminated land, the deposit is \$1770 (including GST). This can be paid not not established as a Regional Council reception desk. Our bank won't accept ques after 1 May 2021.				
	•	Bay of Plenty Regional Council's bank account number is 06 0489 0094734 00 . Use the applicant's name as the reference. We'll give you a GST invoice marked "PAID" when you've paid.				
	•	The application will not be accepted until the deposit is paid. We're happy to hold the forms, but won't start processing until we receive payment.				
	•	Additional charges are usually incurred , depending on the resource we use in processing your application (e.g. staff time, technical reviews, complexity of application). Staff can give an estimate of expected costs. Please see the schedule of fees attached.				
Ch	eckli	st				
Nam	ne of s	taff member you discussed your application with:				
Pre-	applic	ation code RMPĀ				
	Atta	ch any pre-application correspondence/advice				
The	follov	ving information must be included in your application:				
	Com	plete all details in this application form				
	Asse	essment of environment effects (AEE), as set out in Schedule 4 of the RMA				
	Asse	sessment of cultural effects				
		sessment of the activity against the relevant objectives and policies in the relevant ional plan/s				
		the site has been identified as a HAIL site or contaminated site, provide a remedial action an (if site remediation project) and/or a management and monitoring plan.				
	Writ	ritten approval from all affected parties and/or summary of consultation carried out				
	Site	plan				
	Sign	ign and date the application form				
	Pay	Pay the deposit				

Other relevant information (e.g. Certificate of Title, details from the Companies Register)

Unchecked boxes may result in your application being returned under s88 of the RMA.

Send your application to RegulatoryAdmin@boprc.govt.nz

Information privacy

The RMA requires this information to process the application.

Bay of Plenty Regional Council ("BOPRC") will use the information provided with your application to process your application and to assist in managing the region's natural and physical resources. Information in this application is regarded as **official information** and available to the public on request in accordance with the Local Government Official Information and Meetings Act 1987. In addition, you agree that the information in your activity application (Forms 1A to 7B) (and any documentation provided in support) will be published and made available on our website. It is important that you let us know if your application includes trade secrets, commercially sensitive information, and/or any other information that you would like to remain confidential.

This application will likely contain personal information within the meaning of the Privacy Act 2020. You agree that any personal information provided with this application will be held and used by BOPRC in accordance with our Privacy Statement (available at www.boprc.govt.nz) and the Privacy Act 2020."

- 1 I have authority to sign on behalf of the party/ies named as applicants for this consent.
- I have read, and understand, all information in this application form, including the requirement to pay additional costs.
- 3 All information provided is true and correct. I understand that inaccurate information could result in my resource consent being cancelled.

Signature:

..... Date 28th /10/2021

NOTES TO THE APPLICANT

READ THIS BEFORE FILLING OUT THE APPLICATION FORM

Call the Consents Duty Planner on 0800 884 880 with consents questions.

- 1 We will not begin processing your application until the \$2,700 deposit is paid, unless prior arrangement is made. Processing costs are likely to exceed the deposit; we'll invoice you for the balance.
- You may be required to pay a **resource management charge** associated with holding a consent (s36 of the RMA). Accounts are payable by the 20th of the month following date of invoice. Where costs are more than \$2,000 above the deposit, you may be requested to make interim payments towards the final total cost.
- The **coastal marine area** is the area from the outer limit of the territorial sea (12 nautical miles) to the line of mean high-water springs. For activities at river mouths, contact the Consents Duty Planner for clarification.
- 4 Let us know if your application includes **trade secrets** and/or **commercially or culturally sensitive material**. Section 42 of the RMA enables protection of sensitive information.
- 5 Schedule 4 of the RMA sets out the **information you must provide**. If insufficient information is provided, we may put the application on hold or return it as incomplete.
- 6 **Identify every consent required** for the proposal. We may put the application on hold until you apply for all resource consents required (s91 of the RMA).
- If we request **further information** (s92 of the RMA), the application will be put on hold and processing will not restart until all information is received.
- An application does not need to be publicly notified if the environmental **effects are minor and written approval has been obtained** from everyone adversely affected by the granting of the consent (s95D and s95B of the RMA). Written approval forms are on our website: https://www.boprc.govt.nz/do-it-online/consent-forms/ under 'Other forms'.
- 9 We may **review any consent** at any time if the application contains inaccuracies that materially influence the decision made (s128(1)(c) of the RMA).
- A separate authority/approval may be required for the activity under the **Flood Protection** and **Drainage Bylaws 2020**. Further information is available on our website:

 https://www.boprc.govt.nz/do-it-online/request-or-enquire/flood-protection-and-drainage-bylaw-authority or by emailing: riversanddrains@boprc.govt.nz

How to prepare an assessment of environmental effects

Key points of Schedule 4 of the RMA

The amount of information in your assessment of environmental effects (AEE) should correspond to the scale and significance of the proposal's environmental effects. Your AEE must include:

- A full description of the proposal, including the site and locality; a site plan and plans of your proposal.
- A description of the environmental effects, including the significance and nature of the
 effects. Address specific environmental effects and refer to issues identified in the relevant
 regional plan/s.
- A discussion of effects that may need to be controlled or monitored, how the control or monitoring will be carried out, and by whom.
- A description of alternatives to avoid, remedy or mitigate environmental effects.
- An assessment of risks to the environment from hazardous substances and/or discharge of contaminants.
- An assessment of the activity against the relevant objectives and policies in the relevant regional plan/s.
- A record of consultation: names and comments of people you discussed the proposal with.

You may need specialist advice for more complex applications. Call the Consents Duty Planner on 0800 884 880 for more information.

It is not adequate to state that there are no environmental effects.

If your AEE is not sufficient, we may:

- not accept your application
- turn down your application
- impose many conditions on your resource consent
- ask for more information, delaying the time to process your application, or
- commission someone else to review the application at your cost.

For more information see the Ministry for the Environment's *Good Practice Guide on How to Prepare an AEE* and its brochure on making resource consent applications, at www.mfe.govt.nz/publications/rma

Hourly charges for staff and consultants

Group	Hourly charge (including GST)		
Administration	\$120		
Officers/Planners			
Senior Officers/ Planners	\$170		
Engineers/Scientist/Regulatory Project Officers (RPO)/ Environmental Data Officer/Laboratory Technicians			
Compliance Monitoring Officer (externally contracted)			
Maritime Officer			
Team Leaders/Senior RPO/Works Engineer/Senior Maritime			
Senior Engineer/Senior Scientist/Harbourmaster	\$190		
Pou Ngaio (Technical/Cultural RMA Specialist)			
Managers/Regional Harbourmaster	\$280		
Consultants/Contractors	As charged by consultant/contractor		
Regional Council staff mileage	Current applicable IRD rate		

The full **Charges Policy** is on our website:
