			19/08/2022	Totara Street
	1	44	1/12/2022	Rata Street
	2	45	31/01/2023	Aerodrome Road

**Note:** Exceedances recorded in red in this table have been granted “exceptional circumstances dispensation” by the Minister for the Environment (usually proven to be caused by natural weather events, salt laden air) and therefore do not count towards the financial year total. If multiple exceedances are detected on the same date, under the NESAQ only the highest counts towards the running total.
